

ADDITIONAL INFORMATION ABOUT BURSARIES AT 11+ ENTRY

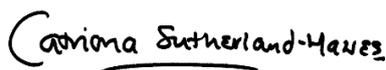

Latymer Upper School is a fully co-educational day school and we believe the rounded and grounded education it offers should be accessible to any bright child, regardless of ability to pay fees. To achieve this aim, we offer a number of means-tested bursaries every year, based on the twin criteria of academic merit and family financial circumstances. Latymer Upper is a fully mixed community whose pupils, parents and staff represent all backgrounds and ethnicities, and reflect the cosmopolitan mix of West London. It is important to us that we retain that ethos.

Currently around 15% of pupils in school are in receipt of financial assistance and we aim to increase this figure. By 2024, our 400th Anniversary, we would like to be in a position to double this number, as we work towards our overarching ambition of becoming needs blind. School fees may well be one of the biggest financial commitments a family will ever undertake, but we hope that no parents should feel that Latymer Upper is beyond their means if their child is of the academic standard the School expects. We would like to help as many families as possible with fees, be that with a small partial award, a larger partial award or full fees. Every family's circumstances and needs are different and we aim to recognise this in our bursary application process. We seek to make entry to Latymer Upper School a reality for children from a wide range of backgrounds.

Bursaries are available to all parents including those who can afford some but not all of the fees, and vary in amount from 25% to 100% of fees. After applying for a bursary the process is very straightforward. Those being interviewed are contacted by the Bursary Advisor to discuss the financial details supplied. Senior members of staff then visit those families who are being considered for awards. This meeting is both to offer you an opportunity to find out more about us, and for us to find out a bit more about you.

We do not apply a strictly income-based approach but look at each case on an individual basis, taking into account a number of factors including income, outgoings, value of property if owned, any savings and issues affecting ability to work. **Please contact the Admissions Team if you would like to apply for a 100% bursary as we can normally pay the £125 registration fee for you. An application form will be sent to you for completion and must be returned by the date stated.**

Overleaf is a brief Question and Answer sheet which I hope will be of use. If you have any further queries, want to know more about the process, or explore eligibility then do please call me on my direct line - 020 3004 0478. **I would be happy to explain in greater detail any aspect of applying to Latymer Upper School. It can be a confusing experience, and I am here to help and make it as easy as possible.**

Catriona Sutherland-Hawes (Mrs)
DIRECTOR OF ADMISSIONS

BURSARIES at 11+ ENTRY – FREQUENTLY ASKED QUESTIONS

When do I apply for a bursary?

When you complete your online registration form, you indicate on it that you are applying for a bursary, either full or partial.

What is the closing date for registrations?

Registrations for 2019 entry must be with made online by **FRIDAY 12 OCTOBER 2018 at 5.00pm**

When do I get the forms to fill in?

On receipt of your registration, we will email you a confirmation, some sample papers and a form of financial circumstances which you complete and return to us by **MONDAY 5 NOVEMBER 2018**.

Is there a threshold for a 100% bursary?

We recognise that circumstances differ, so do not set strict thresholds and criteria but look at everyone as an individual. For some examples of bursaries awarded, please click [here](#).

What if I can afford some of the fees but not all?

We will ask you to indicate level of contribution you think you can make on the form we send you. We are very aware that school fees are a significant expense and we look to make plenty of awards at all levels. Last year besides free places we awarded a large number of partials bursaries ranging in amount from 25% to 90%.

What happens next?

Your child comes and sits the exam – **TUESDAY 8 JANUARY 2019**. In the course of the following week we decide which candidates have done well enough to be interviewed. We then contact you with interview details and the Finance Director rings to discuss the details in your form a bit further.

Does my child have to do better than anyone else to get a bursary?

No. Any child who does well enough in the exams to be interviewed, and has applied for a bursary, will be considered. We do not set a higher pass mark for bursary candidates. In any given year the number of bursaries available depends on both the number of successful applicants and the amount of money we have to offer.

What if my child does well but we cannot be considered for a 100% bursary?

If you have indicated that you require 100% of fees and can accept nothing less, then I am afraid we cannot then take the application forward. If you can accept less then we may be able to offer a partial bursary or you may be offered an interview for a fee paying place. At this point you can of course withdraw your child from the process.

What are the home visits about?

Home visits are done by senior members of staff - often the Director of Admissions with a colleague – around the time of interviews to offer you the chance to find out more about Latymer and to let us come and tell you a bit more about us. They are very informal and relaxed. They generally take place in the early evening and we will always want to meet the child again at the visit. Sadly we cannot offer everyone a bursary and a home visit does not always mean an offer will be made.

What if I am offered a reserve place with a bursary?

We can never tell who will accept the places offered, and sometimes we are able to offer places to those on the reserve list. The bursary reserve list is normally small and we are often able to offer from it. If your child is placed on the reserve list, this is a good thing – please do not give up hope!

How many apply for bursaries, and how many get them?

Every year is different, but last year, around a quarter of those that sat the 11+ exam applied for bursaries. Thirty one were awarded for 2018 entry – eleven full and nineteen partial. We would expect to be able to offer places to around the same number of pupils to join with bursaries in 2019. The numbers joining will also vary depending on the amount we have to offer, and the amount needed by those applying. We would aim to recruit a year group of around 168 in total.

What extras do you help with, on top of the bursary?

For students in receipt of 100%, we offer help with uniform - £350 on entry to the School and another £250 when the student joins Year 9. In addition, all fees for public exams are met by the School. In many cases, help is available for extras such as music or drama lessons, where ability is demonstrated. Financial assistance for trips is available to every family in School. The Director of Admissions is always available to deal with enquiries about extra help and costs and further information will always be given at time of home visit and when offers are made.

Are the bursary holders identified in any way?

The School is enormously proud of its bursary holders but we do not identify them in any way. Most of the children who benefit from a bursary are proud and happy to share this information. Further up the School, many of our bursary pupils – and parents - act as Ambassadors to encourage both other students to apply, and donors to be generous. We are keen to get the message about our Bursary Programme out to as wide an audience as possible.

What help is available to help me and my child settle in?

You all come to New Parents' and Pupils' Evening in June and meet your fellow parents and classmates then. This is an informal evening where it is easy to mix and make friends. The pupils then come to school the day before the start of term to get to know each other, and the first day of term for them is a trip to an Outdoor Activity Centre, where friendships are easily formed.

If you are offered a bursary and would like to talk to a parent at the School who has been through the whole process, I will be very happy to arrange this. This is often a good way of answering any further concerns you may have.

For parents, the Director of Admissions remains in contact throughout your time as a Latymer parent – to ensure you feel as happy here as your child, and become as big a part of the Latymer family as your child. The Director of Admissions, along with your child's Form Tutor and Head of Year, is one of your main points of contact/liaison with the School. We hope this is helpful but do please call with any further queries.

AND LASTLY – GOOD LUCK TO YOUR CHILD!
